

**Oscar Grady Public Library
Patron Identification Policy**

All patrons are required to show their Library card at the time of check out to ensure the identity protection of the individual. This is a system-wide library policy that must be adhered to. To receive a Library card, the identification needed is a state driver's license or state ID card showing a current address. If necessary, other proof of identification is a utility bill showing proof of current address or a letter of correspondence from the Village of Saukville.

If lost, replacement cards are available for a \$2 fee. Cards with excessive damage will be replaced by the library at no charge.
